Keith Tansey, MD, PhD  
Steven Wolf, PhD, PT  
Nathan Zasler, MD

### EDITOR-IN-CHIEF

*Neurorehabilitation &  
Neural Repair Journal*  
Randolph Nudo, PhD

## *An Invitation to Participate*

The American Society of Neurorehabilitation (ASNR) invites you to participate in our Annual Meeting, held as a preconference satellite meeting of the Society for Neuroscience (SfN) in Washington, DC, November 13, 2014.

The ASNR Program Committee has developed an outstanding program and would like to include your participation. Over three hundred medical professionals devoted to the field of neurorehabilitation were part of the 2013 ASNR Annual Meeting. An equally strong turnout is expected in 2014.

Our meeting provides a wonderful opportunity for your organization and products to be exposed to leaders in neurorehabilitation, clinicians, and researchers from all over North America, Europe, and Asia. The meeting has been regarded by attendees as being exceptional for scientific content, quality of the speakers, and integration between basic science and clinical practice. The meeting reflects the excellence of the organization's journal, *Neurorehabilitation and Neural Repair*, which has one of the highest impact factors in rehabilitation journals.

### **SOCIETY PURPOSE**

The mission of the ASNR is to promote the medical and social wellbeing of persons with disabling neurological disorders, to advance training and research in the basic and clinical sciences that can lead to functional recovery of neurologically impaired persons, and to disseminate the knowledge of this research among professionals and the general public.

The ASNR promotes:

- Specialty training and identification of those with expertise in Neurorehabilitation
- Professional and public education
- Basic science and clinical research in Neurorehabilitation
- Communication and collaboration with people with neurological disorders related organizations
- Neurorehabilitation research

Please visit our website at [www.asnr.com](http://www.asnr.com) for more information about our Society.

Sincerely,

Albert Lo, MD, PhD  
ASNR Program Chair

---

*Members of the ASNR are researchers and clinicians. Our researchers are often internationally known for the scientific work they do to improve the rehabilitation outcomes in patients with neurological diseases. More common diagnoses include Stroke, Traumatic Brain, Spinal Cord Injury, Parkinson's Disease, Multiple Sclerosis, and Cerebral Palsy. It is through educational platforms such as our annual meeting that our clinicians are able to share and disseminate cutting edge information about the functional rehabilitation of the neurologically impaired.*

# SPONSORSHIP OPPORTUNITIES

We invite you to participate as a Sponsor. ASNR has several levels of sponsorship available including unrestricted educational grants. We will work with your organization to ensure that your contribution is well recognized at the meeting.

## **Sapphire Level Sponsor** **\$20,000**

City \_\_\_\_\_ State \_\_\_\_\_ Zip Code \_\_\_\_\_

Country \_\_\_\_\_ Phone \_\_\_\_\_ Fax \_\_\_\_\_

Email \_\_\_\_\_

As the ASNR Annual Meeting grows towards an independent meeting in the coming years, current sponsors will receive priority and additional benefits.

Looking to create your own sponsorship package? We'll work with you to custom design a sponsorship that will fit your company's needs. To create a custom sponsorship, call Leslie Orvedahl, Executive Director, ASNR, at (952) 543-5349 or email her at [leslieorvedahl@llmsi.com](mailto:leslieorvedahl@llmsi.com) today!

ASNR promotes evidence-based medicine and aims to offer fair representation of new and emerging therapies, and does not necessarily endorse specific products from our sponsors.
